Varn® MRC

Fast evaporating dampener and metering roller cleaner

Specialist cleaner for all printing applications and press types

Product Features

- Varn® MRC is a powerful degreaser and ideal for bareback dampeners and other areas where fast evaporation is necessary to prevent wash contamination and hence slow start-ups due to scumming etc.
- Varn® MRC has been specifically formulated for press applications that previously required the now banned substances Trichloroethane or MEK.

Advantages of Varn® MRC

- Ultra fast evaporation.
- Leaves no greasy residue.
- Powerful cleaning action.
- Removes dried ink.
- Contains no chlorinated solvents.
- Suitable for mixed application and conventional nitrile rubber compounds.
- Suitable for presses running conventional inks.

FlintGroup

Features	Advantages	Benefits
Suitable for all presses running conventional inks.	Versatile.	One product for all applications.
Powerful degreaser.	Strong ink solvency.	Fast, effective cleaning.
Fast evaporation.	Leaves no residue.	- Metering roller remains hydrophilic. - Aids fast re-starts.

Product code	KV10-0FCG-#### (final 4 digits relate to pack size).
Pack size	1 litre (ERAF), 5 litres (ERF3) and 200 litres (ERMP).
Application	Apply to dampening rollers with a clean lint free cloth and simply wipe away ink, grease and other pressroom contaminates. Remember to replace cap after use. Follow relevant Good Manufacturing Practice (GMP) guidelines if used for the production of food packaging.
Flashpoint	-26°C (AI).

More products. Streamlined access. Greater results.

You are welcome to contact us for further information.

The aim of our technical documents is to inform our customers about general values. However, the transferability of general values known from experience and laboratory results to concrete practical applications depends on a number of factors which are beyond our control. We therefore ask for your understanding that this advice document cannot be used as the basis for claims in law. Furthermore, the correct application for each product has to be checked carefully for suitability.
