The Alternative Solvent Inkjet Inks from Sun Chemical

Colour matched and mixable with Roland Eco Sol Max inks

Streamline ESL HPQ LO is an eco-solvent inkjet ink series formulated to match the colour, performance and quality of Roland Eco-Sol Max inks used with Roland Pro 2/3 and Verscamm printers.

ESL HPQ LO features a full colour range and is available in pre-filled 440 ml cartridges or our popular 1 litre refill bottles for our Streamline EcoPro Ink Supply Units.

Streamline ESL HPQ LO Key features:

- HPQ LO low odour chemistry – improved working environment
- High Print Quality to match Roland's Eco Sol Max inks
- Full six colour ink range available
- No changes to colour profiles
- Available in 440ml cartridges or 1 litre bottles
- Ink circuit warranty included*

EcoPro Ink Supply Unit

Our Streamline EcoPro ISU provides for even greater economy than our pre-filled 440 ml cartridges. ESL HPQ LO is available in one litre refill bottles that allow your machine operator to top up the ink reservoir as required.

EcoPro ISU Key features:

- Economic 1 litre refill bottles
- Reduced inventory compared to cartridges
- Reduced waste
- Visual evidence of ink level for overnight or unattended printing
- Installation by Sun Chemical Engineer

Using non-original inks?

If you're not getting the best quality or reliability from your current non-original inks, converting to Streamline inks will restore your machine to the original colour values and performance. A Sun Chemical approved engineer will make the change for you.
